The primary source for College-related vehicle needs is Facilities Management. If approved, Enterprise Rent-A-Car currently holds the New York State contract and must be used for all rentals both within and outside New York State.

Eligible Vehicles
Only economy, compact, midsize cars or seven (7) passenger vans are allowed. Luxury vehicles, trucks, cargo vans, and passenger vans with a capacity of greater than eight (8) people are not authorized.

Collision Damage Waiver Insurance
Additional Collision Damage Waiver (CDW) Insurance protection must be obtained for all vehicle rentals. This insurance is a primary coverage that pays for damage to the rental vehicle only. The Citibank Visa Travel Card, when used as the form of payment, provides free CDW for all rentals that are 31 days in duration or less. In order to receive the CDW from Citibank additional CDW insurance from the rental agency must be declined. Additional Collision Damage Waiver protection must be purchased from the rental car agency at an additional cost when using a payment method other than the Citibank Visa Travel Card. The authorized user is responsible for damages to the rental vehicle if CDW protection is not obtained.
Third Party Liability Insurance
The Enterprise Vehicle Rental contract with New York State provides minimum party liability insurance protection. Additional liability protection is the responsibility of New York State.

Personal Automobile Insurance Policies and Rental Cars
In some instances an authorized traveler for SUNY Cobleskill may choose to rent a vehicle in their personal name, pay for the vehicle with personal funds, and seek subsequent reimbursement for their expenses. In most cases the driver’s personal automobile policy will provide some level of protection. For the protection of the traveler, as well the College, it is important for all parties to be fully aware of the liability implications of this arrangement. The following information is for general information only. Please consult with your personal automobile insurer for more detailed information about your individual policy protection prior to travel.

**Damage to Rental Vehicle:** New York State law requires that most personal automobile policies extend coverage to rental vehicles. This protection applies only when a vehicle is rented in the individual driver’s name (not an employer’s). The personal coverage works in one of two ways. First, if the driver only has liability coverage on his/her personal policy then any damage sustained to the rental car while in their possession would fall under the property damage liability portion of their personal policy and there is no deductible cost to the driver. If, however, the driver has full coverage on any vehicle on their personal policy then the vehicle is covered under the comprehensive and collision portion of the policy and the deductible applies.

Most insured individuals renting a vehicle in New York State do not need to purchase additional CDW insurance when they rent a vehicle, however it is highly recommended that each driver consult with their insurer prior to travel. These rules may not apply to out of state rentals.

**Third Party Liability:** Any individual renting a vehicle in their personal name, along with any additional authorized drivers, are primarily responsible for all third party (liability) claims of personal injury and property damage arising from the use and operation of the rental vehicle. In the absence of a personal vehicle policy most rental agencies are required by law to provide only the amount necessary to satisfy the minimum financial responsibility limits required by applicable law. Additional damages are the financial responsibility of the individual.

In general, personal policies do not indemnify damages when vehicles are rented and paid for by the employer unless the driver was found to be personally responsible due to negligence.

**Accident Reporting**
In the case of any damages/accidents, travelers are urged to notify Facilities Management as well as the rental agency immediately to file a claim. All claims under the Visa Collision Damage Waiver must be reported to the Visa Claims Center at 1-866-390-9735.
