How to submit a paper to a MOODLE TurnItIn Drop Box

1. Go to the correct drop box in the course the paper is for.
2. Within the drop box click the icon next to 'Submit Paper'.
3. You *may* need to agree to the TurnItIn User Agreement before being able to upload files. Click the underlined sentence to see the agreement in a popup window.
4. Read through the agreement, then hit 'I agree -- continue'.
5. You can now choose and upload files to the drop box the same way you would for a regular assignment drop box. Be sure to hit 'Add submission' when you are done.
