

WORKPLACE NON-SMOKING POLICY

(Effective January 22, 1997)

I have approved the following Non-Smoking Policy for SUNY Cobleskill as recommended by the Personal Safety Advisory Committee and endorsed by Shared Governance:

1. Smoking is prohibited in all campus buildings except non-public areas of residential buildings. e.g., student rooms which have been designated for smoker occupancy and resident director apartments which have been similarly designated.
2. Smoking is prohibited in fleet vehicles (cars and vans) used by multiple campus employees.
3. Permanent signs indicating that smoking is prohibited have been placed at the entries of all campus buildings.
