

ENVR 450 Bachelor Degree Internship Program Student Learning Outcomes & Objectives and Activities

Internship Student Learning Outcomes ENVR 450:

- Consistently demonstrate effective communication skills.
- Effectively apply program-related knowledge to internship-specific tasks.
- Engage in experiential learning activities that enhance analytical and critical thinking skills.
- Enhance technical skills and scientific inquiry abilities as related to field of specialization.
- Develop and enhance leadership, organizational, and managerial skills.
- Demonstrate professionalism and a strong work ethic in fulfilling internship responsibilities.
- Develop and enhance capacity to work independently without supervision.
- Function effectively on multidisciplinary teams.

Internship Objectives and Activities:

List objectives of the internship and specific activities to be completed. Indicate approximate amount of time to be devoted to each activity. Be as specific as possible. (The Faculty Supervisor will provide guidance in initial preparation of this section with input from the Site Supervisor. Please do not submit this document until everyone is in agreement to the details below.)
