*July 2020*

This agreement establishes procedures to promote an easy transition of Cyber Security Associate in Applied Science (AAS) degree graduates at Rockland Community College (RCC) to the Cybersecurity Bachelor of Technology (B.T.) degree program at the State University of New York College of Agriculture and Technology at Cobleskill (SUNY Cobleskill).

Objectives of the Agreement

1. To provide a transfer path to qualified RCC graduates who want to enhance their education and careers by pursuing a bachelor's degree.
2. To assist academic advisors with pertinent academic information for students who wish to continue their education in a bachelor's degree program.
3. To attract qualified students to RCC and SUNY Cobleskill.
4. To facilitate communication and academic coordination between faculty and administrators at each institution regarding curriculum and the transferability of the courses.

Terms of the Agreement

1. Students from RCC who complete an associate degree in Cyber Security and have the courses outlined in the Addendum with a minimum 2.25 cumulative grade point average, will be guaranteed admission into the BBA degree at SUNY Cobleskill with full junior status.
2. Transfer students must complete and file the SUNY Admissions Application indicating transfer to SUNY Cobleskill prior to November 15 for spring semester entry, and prior to June 15 for fall semester entry.
3. All required and elective courses bearing the major field prefixes, must have C grades or better to be accepted for transfer credit.
4. Students who do not meet the requirements of this agreement will also be considered for admission. They will be evaluated on an individual basis.

Review and Revision of the Agreement

This agreement will be reviewed when substantial changes are made in the curriculum on either campus. At the request of either party, both institutions will conduct a review of the Transfer Articulation Agreement.

Termination

This agreement shall remain in force from July 2020, until such time as either institution elects to terminate it. Termination by either institution will be announced with sufficient anticipation to assure any students enrolled the opportunity to be admitted to SUNY Cobleskill under its terms.
