The three gazebos are located between the Porter residential hall and Brickyard Point, behind the Van Wagenen Library, and along the path between Wieting and Vroman residential halls.

RESOLUTION

The cosponsors recommend adopting the following resolution:

Whereas, the SUNY Cobleskill campus is abundant with natural beauty.

Whereas, SUNY Cobleskill has made an effort in past actions to rid the campus of litter in the form of cleanup initiatives.

Whereas, areas in and around gazebos located at the locations mentioned above are often found with nonbiodegradable litter.

Resolved: the SUNY Cobleskill grounds crew relocate waste bins within a short proximity of other waste bins to the locations mentioned above.
