

**DAIRY PROCESSING CENTER – FEES AND FUNDING OPPORTUNITIES**

---

**Dairy Product Development Program –**

Are you a dairy farm looking to develop novel dairy product? Then you are eligible to participate in the Dairy Product Development Program, which may be accompanied by funding to off-set Dairy Processing Fees. Through funding from the NY Farm Viability Institute, up to \$3,000 is available to farms that participate in programing on consumer trends, product development, food safety and more. All are welcome to participate, but funding is limited.

**Dairy Processing Center Fees –**

Users of the Dairy Processing Center will be charged for development and production of value-added dairy products according to the following fee schedule. Fees are non-negotiable and reassessed annually to ensure alignment with programmatic mission, goals, and sustainability. Any questions regarding fees or funding opportunities should be directed to Seth Browe, Shared-Use Coordinator.

**Transportation of Raw Milk**

Item	Rate (per mile)	Unit Price
Disposable Plastic Liner		\$38.00
Rate per Mile	\$0.58
